

Powerful concentrated degreaser for difficult inks & greases

De-Solv-it® Aqueous Degreaser-Plus (DSI 3000E)

FEATURES/BENEFITS:

Powerful	Removes oils, greases, heavy inks, paints, rubber, surface coatings
Efficient	Can be used effectively at up to 20:1 dilution rate. Combines the cutting power of a solvent with the lifting power of a surfactant.
Versatile	Can be used manually or in machine cleaning applications including ultrasonics. Used neat as a pre-spot against rubbers. Particularly effective when used through a floor scrubber. For tools, components, equipments, floors and surfaces.
No Residue	Fully water rinseable to leave a clean finish
Non-Chlorinated	Contains no chlorines, non-aromatic, low VOC rating
Hard-Water Effective	It works in hard as well as in soft water.

USE:

Diluted to 5-15% at ambient temperature up to 50 °C in immersion and ultrasonic systems or by hand wiping. Rinse parts after cleaning with water and dry. Suitable for use in floor scrubbers.

APPLICATIONS:

Removes stubborn and dried on contaminants such as inks, paints, surface coatings, rubber, varnishes and solder flux from PCB's. It's highly concentrated formula can let down severely without loss of efficacy.

PRECAUTIONS:

For further information see MSDS

SPECIFICATIONS:

Form Liquid
Colour Yellow
Odour Pleasant, agreeable
Melting Point..... -5 °C
Boiling point..... 95 °C
Flashpoint: Not applicable
Density (20 °C) 1,0 g/cm³
Miscibility in water Fully miscible
pH (20 °C) 9.5
